BendSeal™

The new re-closing solution for Flexible Packaging

BendSeal™ is a unique and innovative re-closing solution that helps to keep food as fresh as possible after opening the package.

BendSeal™ replaces existing re-closing solutions such as rubber bands, adhesive tape, and laundry clips.

BendSeal™ is a special label with folding properties. Unlike other alternatives, BendSeal™ is:

- Much more reliable than any other existing re-closable solutions.
- Can be combined easily with your existing production line.
- Provides your consumer with innovative and **unique experiences**:
 - ✓ Easy to use
 - ✓ Saves money
 - ✓ Reduces dramatically food waste
